

Urbandale Dollars for Scholars® Scholarships

Are you interested in scholarships but concerned about the time it takes to apply? The Urbandale Dollars for Scholars scholarship program makes it easier than ever. Urbandale High School seniors may create an online profile which enables students to apply for and be matched to multiple local and national scholarships. By creating an online profile, students will be able to see scholarships available to them and choose the scholarships they wish to apply for—parents can also view student progress on the application.
